The Contractor shall provide copies of the weekly inspection reports to the COR.

The Contractor shall correct and improve promptly any shortcomings and substandard conditions noted during inspections. The Contractor shall bring any conditions beyond the responsibility of the Contractor to the attention of the Contracting Officer or COR.

E.2.1 MONTHLY REPORT: The Contractor shall submit to the COR a monthly progress report, along with the monthly invoice, summing up observations resulting from the inspections, progress, difficulties or irregularities encountered, resolution of problems, measures taken to improve conditions, recommendations, and other matters related to this contract.

E.2.2. The certificate shall be accompanied by a Schedule of Defects listing items of work remaining to be performed, completed or corrected before final completion and acceptance. Failure of the Contracting Officer to list any item of work shall not relieve the Contractor of responsibility for complying with the terms of the contract. The Government's possession or use upon substantial completion shall not be deemed an acceptance of any work under the contract.

E.4 FINAL COMPLETION AND ACCEPTANCE

E.4.1 DEFINITIONS

(a) "Final completion and acceptance" means the stage in the progress of the work as determined by the Contracting Officer and confirmed in writing to the Contractor, at which all work required under the contract has been completed in a satisfactory manner, subject to the discovery of defects after final completion, and except for items specifically excluded in the notice of final acceptance.

F.3.2. ASSESSMENT AND APPORTIONMENT OF LIQUIDATED DAMAGES

Liquidated damages will be assessed from the completion date indicated in the contract or extensions thereof to the date of substantial completion as actually achieved by the Contractor, as determined by the Contracting Officer.

F.4 CONTRACTOR'S SUBMISSION OF CONSTRUCTION SCHEDULES

(a) The time for submission of the schedules referenced in Section I, 52.236-15, "Schedules for Construction Contracts", paragraph (a), is hereby modified to reflect the due date for submission as "ten (10) days after receipt of an executed contract".

(b) These schedules shall include the time by which shop drawings, product data, samples and other submittals required by the contract will be submitted for approval.

(c) The Contractor shall revise such schedules (1) to account for the actual progress of the work, (2) to reflect approved adjustments in the performance schedule, and (3) as required by the Contracting Officer to achieve coordination with work by the Government and any separate contractors used by the Government. When the Government has accepted any time schedule, it shall be binding upon the Contractor. The completion date is fixed and may be extended only by a written contract modification signed by the Contracting Officer. F.6 NOTICE OF DELAY

If the Contractor receives a notice of any change in the work, or if any other conditions arise which are likely to cause or are actually causing delays which the Contractor believes may result in late completion of the project, the Contractor shall notify the Contracting Officer. The Contractor's notice shall state the effect, if any, of such change or other conditions upon the approved schedule, and shall state in what respects, if any, the relevant schedule or the completion date should be revised. The Contractor shall give this notice not more than ten (10) days after the first event-giving rise to the delay or prospective delay. Only the Contracting Officer may make revisions to the approved time schedule.

F.7 NOTICE TO PROCEED

(a) After receiving and accepting any bonds or evidence of insurance, the Contracting Officer will issue the Contractor a Notice to Proceed. The Contractor shall then prosecute the work commencing and completing performance not later than the time period established in the contract.

(b) It is possible that the Contracting Officer may elect to issue the Notice to Proceed before receipt and acceptance of any bonds or evidence of insurance. Other hours, if requested by the Contractor, may be approved by the Contracting Officer's Representative. The Submittal Register shall include the names of the manufacturer, model number, and source of procurement of each such product, material or equipment, together with other pertinent information concerning the nature, appearance, dimensions, performance, capacity, and rating. To ensure a timely review the Contractor shall provide a submittal register ten days after contract award showing when shop drawings, samples, or submittals shall be made. When directed to do so, the Contractor shall submit samples for approval at the Contractor's expense, with all shipping charges prepaid. Installation or use of any products, materials or equipment without the required approval shall be at the risk of subsequent rejection.

H.14.2 CUSTODY OF MATERIALS

The Contractor shall be responsible for the custody of all materials received for incorporation into the project, including Government furnished materials, upon delivery to the Contractor or to any person for whom it is responsible, including subcontractors. The Contractor shall deliver all such items to the site as soon as practicable. If required by the Contracting Officer, the Contractor shall clearly mark in a manner directed by the Contracting Officer all items of which the Contractor has custody but which have not been delivered or secured at the site, clearly indicating the use of such items for the U.S. Government project.

H.14.3 BASIS OF CONTRACT PRICE

The contract price is based on the use of the materials, products and equipment specified in the contract, except for substitutions or "Or-Equal" items proposed by the Contractor which have been specifically approved by the Government at the time of execution of the contract. Any substitution approved by the Government after execution of the contract shall be subject to an appropriate adjustment of the contract price.

H.14.4 SUBSTITUTIONS

(a) PRIOR APPROVAL REQUIRED. The Contractor must receive approval in writing from the Contracting Officer before substitutions (1) proposed by the Contractor but not yet approved at the time of execution of the contract, or (2) proposed by the Contractor after execution of the contract may be used in the project. Sufficient information to permit evaluation by the Government must accompany any substitution request including but not limited to the reasons for the proposed substitution and data concerning the design, appearance, performance, composition, and relative cost of the proposed substitute. The Contractor shall make requests for substitutions in a timely manner to permit adequate evaluation by the Government. If, in the Contracting Officer's opinion, the use of such substitute items is not in the best interests of the Government, the Contractor must obtain the items originally specified with no adjustment in the contract price or completion date.

(b) APPROVAL THROUGH SHOP DRAWINGS. The Contractor may propose substitutions of materials in the submittal of shop drawings, provided such substitution is specifically requested in writing in the transmittal of the shop drawings to the Contracting Officer. Such substitution requests must be made in a timely manner and supported by the required information.

(c) FINAL APPROVAL ON DELIVERY. Acceptance or approval of proposed substitutions under the contract are conditioned upon approval of items delivered at the site or approval by sample. Approval by sample shall not limit the Government's right to reject material after delivery to the site if the material does not conform to the approved sample in all material respects.

H.14.5 "OR-EQUAL CLAUSE"

References in the Specifications/Statement of Work to materials, products or equipment by trade name, make, or catalog number, or to specific processes, shall be regarded as establishing a standard of quality and shall not be construed as limiting competition. The Contractor may propose for approval or rejection by the Contracting Officer the substitution of any material, product, equipment or process that the Contractor believes to be equal to or better than that named in the Specifications/Statement of Work, unless otherwise specifically provided in this contract.

H.14.6 USE AND TESTING OF SAMPLES

("Samples" include materials and equipment.)

(a) USE. The Contractor shall send approved samples not destroyed in testing to the Contracting Officer. Those which are in good condition will be marked for identification and may be used in the work. Materials and equipment incorporated in the work shall match the approved samples within any specified tolerances. Other samples not destroyed in testing or not approved will be returned to the Contractor at its expense if so requested.

(b) FAILURE OF SAMPLES. If a sample fails to pass the specified tests described in this contract, any further samples of the same brand or make of that material or equipment may not be considered for use in performance under this contract.

(c) TAKING AND TESTING OF SAMPLES. Samples delivered on the site or in place may be taken by the Contracting Officer for additional testing by the Government outside of those required by the Contract documents. Samples failing to meet contract requirements will automatically void previous approvals of the items tested. The Contractor shall replace such materials or equipment found not to have met contract requirements, unless the Contracting Officer determines it to be in the Government's interest to accept the non-conforming materials or equipment with an appropriate adjustment of the Contract price as determined by the Contracting Officer.

(d) COST OF ADDITIONAL TESTING BY THE GOVERNMENT. When additional tests of samples are performed, only one test of each sample proposed for use will be made at the expense of the Government. Samples which do not meet contract requirements will be rejected. Further testing of additional samples, if required, will be made at the expense of the Contractor.

United States means the 50 States, the District of Columbia, Puerto Rico, the Northern Mariana Islands, American Samoa, Guam, the U.S. Virgin Islands, and Wake Island.

(b) Except as provided in paragraph (e) of this clause, during the term of this contract, the Contractor shall post a notice, in the form of a poster, informing employees of their rights concerning union membership and payment of union dues and fees, in conspicuous places in and about all its plants and offices, including all places where notices to employees are customarily posted. The notice shall include the following information (except that the information pertaining to National Labor Relations Board shall not be included in notices posted in the plants or offices of carriers subject to the Railway Labor Act, as amended (45 U.S.C. 151– 188)).

Notice to Employees

Under Federal law, employees cannot be required to join a union or maintain membership in a union in order to retain their jobs. Under certain conditions, the law permits a union and an employer to enter into a union-security agreement requiring employees to pay uniform periodic dues and initiation fees. However, employees who are not union members can object to the use of their payments for certain purposes and can only be required to pay their share of union costs relating to collective bargaining, contract administration, and grievance adjustment.

If you do not want to pay that portion of dues or fees used to support activities not related to collective bargaining, contract administration, or grievance adjustment, you are entitled to an appropriate reduction in your payment. If you believe that you have been required to pay dues or fees used in part to support activities not related to collective bargaining, contract administration, or grievance adjustment, you may be entitled to a refund and to an appropriate reduction in future payments.

For further information concerning your rights, you may wish to contact the National Labor Relations Board (NLRB) either at one of its Regional offices or at the following address or toll free number:

Such other sanctions or remedies may be imposed as are provided by 29 CFR part 470, which implements Executive Order 13201, or as are otherwise provided by law.

 - (ii) Such a waiver will not interfere with or impede the effectuation of the Executive order; or
- (5) Work outside the United States that does not involve the recruitment or employment of workers within the United States.

(f) The Department of Labor publishes the official employee notice in two variations; one for contractors covered by the Railway Labor Act and a second for all other contractors. The Contractor shall—

- (2) Download a copy of the poster from the Office of Labor-Management Standards website at <http://www.olms.dol.gov>; or
- (3) Reproduce and use exact duplicate copies of the Department of Labor's official poster.

(g) The Contractor shall include the substance of this clause in every subcontract or purchase order that exceeds the simplified acquisition threshold, entered into in connection with this contract, unless exempted by the Department of Labor Deputy Assistant Secretary for Labor–Management Programs on account of special circumstances in the national interest under authority of 29 CFR 470.3(c). For indefinite quantity subcontracts, the Contractor shall include the substance of this clause if the value of orders in any calendar year of the subcontract is expected to exceed the simplified acquisition threshold. Pursuant to 29 CFR part 470, Subpart B— Compliance Evaluations, Complaint Investigations and Enforcement Procedures, the Secretary of Labor may direct the Contractor to take such action in the enforcement of these regulations, including the imposition of sanctions for noncompliance with respect to any such subcontract or purchase order. If the Contractor becomes involved in litigation with a subcontractor or vendor, or is threatened with such involvement, as a result of such direction, the Contractor may request the United States, through the Secretary of Labor, to enter into such litigation to protect the interests of the United States.

(a) This paragraph applies if the Contractor employs any person who, but for a waiver granted by the Secretary of Labor, would be subject to workers' compensation insurance under the Defense Base Act (42 U.S.C. 1651, et seq.). On behalf of employees for whom the applicability of the Defense Base Act has been waived, the Contractor shall (1) provide, before commencing performance under this contract, at least that workers' compensation insurance or the equivalent as the laws of the country of which these employees are nationals may require, and (2) continue to maintain it until performance is completed. The Contractor shall insert, in all subcontracts under this contract to which the Defense Base Act would apply but for the waiver, a clause similar to this paragraph (a) (including this sentence) imposing upon those subcontractors this requirement to provide such workers' compensation insurance coverage.

(b) This paragraph applies if the Contractor or any subcontractor under this contract employs any person who, but for a waiver granted by the Secretary of Labor, would be subject to the War Hazards Compensation Act (42 U.S.C. 1701, et seq.). On behalf of employees for whom the applicability of the Defense Base Act (and hence that of the War Hazards Compensation Act) has been waived, the Contractor shall, subject to reimbursement as provided elsewhere in this contract, afford the same protection as that provided in the War Hazards Compensation Act, except that the level of benefits shall conform to any law or international agreement controlling the benefits to which the employees may be entitled. In all other respects, the standards of the War Hazards Compensation Act shall apply; e.g., the definition of war-hazard risks (injury, death, capture, or detention as the result of a war hazard as defined in the Act), proof of loss, and exclusion of benefits otherwise covered by workers' compensation insurance or the equivalent. Unless the Contractor elects to assume directly the liability to subcontractor employees created by this clause, the Contractor shall insert, in all subcontracts under this contract to which the War Hazards Compensation Act would apply but for the waiver, a clause similar to this paragraph (b) (including this sentence) imposing upon those subcontractors this requirement to provide war-hazard benefits.

I.16. DOSAR 628.305 OVERSEAS WORKERS' COMPENSATION AND WAR-HAZARD INSURANCE.

(b)(1) Acquisitions for services, including construction but excluding personal services contracts, requiring contractor personnel to perform work outside of the United States, shall include the contractual obligation for coverage under the Defense Base Act (42 U.S.C. Sections 1651-1654, as amended), for covered contractor employees. For the purposes of this section, "covered contractor employees" includes the following individuals:

- (i) United States citizens or residents;
- (ii) Individuals hired in the United States or its possessions, regardless of citizenship; and,
- (iii) Local nationals and third country nationals where contract performance takes place in a country where there are no workers' compensation laws.

(2) Individuals who are self-employed (i.e., they have not incorporated) do not meet the definition of an employee. No Defense Base Act insurance is required when contracting with these individuals.

(3) Exceptions are discussed in paragraphs (e)(1) and (f) of this section.

(c) The Department of State has entered into a contract with an insurance broker and carrier to provide Defense Base Act insurance (at a fixed rate for services and construction) to cover DOS contracts that require performance overseas by covered contractor employees. Upon award of a contract that requires Defense Base Act insurance, the contracting officer shall provide the contractor with the name of the insurance broker from which the contractor must acquire the Defense Base Act insurance.

(d) The authority to recommend a waiver from the Defense Base Act, as set forth in FAR 28.305(d), is reserved to the Secretary of State.

(e)(1) The Secretary of Labor has waived the applicability of the Defense Base Act to all DOS service contracts, including construction, for contractor employees who are local nationals or third country nationals. This waiver is conditioned on the requirement for the contractor to provide workers' compensation benefits against the risk of work injury or death and assume liability toward the employees

and their beneficiaries for war-hazard injury, death, capture, or detention as prescribed by the local workers' compensation laws.

(2) In cases where a contract is performed in a country where there are no local workers' compensation laws, local and third country national contractor employees are considered to be "covered contractor employees", and the contractor shall acquire Defense Base Act insurance for those employees pursuant to the contract between the Department of State and the Defense Base Act insurance broker.

(f)(1) Section 16 of the State Department Basic Authorities Act (22 U.S.C. 2680a), as amended, provides that the Defense Base Act shall not apply with respect to such contracts as the Secretary of State determines are contracts with persons employed to perform work for the Department of State on an intermittent basis for not more than 90 days in a calendar year. The Department of State has established that "persons" includes employees hired by companies under contract with the Department. The Procurement Executive has the authority to issue the waivers for employees who work on an intermittent or short-term basis. Waivers may be issued only for employees who are U.S. citizens or residents, and only where the contractor provides evidence of alternative workers' compensation coverage for those employees. Waivers may not be issued for local or third country nationals.

(2) The contractor shall submit waiver requests to the contracting officer. The request shall contain the following information:

(i) Contract number;

(ii) Name of contractor;

(iii) Brief description of the services to be provided under the contract and country of performance;

(iv) Name and position title of individual(s);

(v) Nationality of individual(s) (must be U.S. citizen or resident);

(vi) Dates (or timeframe) of performance at the overseas location; and

(vii) Evidence of alternative workers' compensation coverage for these employees (e.g., evidence that the State workers' compensation program covers workers on short-term foreign assignments).

(3) The contracting officer shall review the request for completeness and accuracy. If the request is complete and accurate, the contracting officer shall forward the request to the Procurement Executive. If the contractor does not provide complete and accurate information, the contracting officer shall return the request to the contractor with an explanation as to what additional information is required.

(4) The Procurement Executive shall review requests for waiver forwarded by the contracting officer and either approve or disapprove the request. The Procurement Executive shall return the request indicating his/her approval or disapproval to the contracting officer. Any request that is not approved shall describe the reason(s) why the request was not approved. The contracting officer shall provide the contractor with the original of the approved or disapproved document and maintain a copy in the contract file.

I.17 SYNCHRONIZED PREDEPLOYMENT AND OPERATIONAL TRACKER (SPOT) FOR CONTRACTORS SUPPORTING AND DIPLOMATIC OR CONSULAR MISSION OUTSIDE THE UNITED STATES

In accordance with paragraph (g) of contract clause 52.225-19, Contractor Personnel in a Designated Operational Area or Supporting a Diplomatic or Consular Mission Outside the United States, the contractor shall use Synchronized Predeployment and Operational Tracker (SPOT). Contractor shall enter before deployment, or if already in the designated operational area, enter upon becoming an employee under the contract, and maintain current data, including departure data, for all Contractor personnel that are authorized to support a diplomatic or consular mission outside the United States. Information on how to register in SPOT is available at <http://www.dod.mil/bta/products/spot.html>.

I.18 CONTRACTOR IDENTIFICATION IDENTIFICATION (JULY 2008)

Contract performance may require contractor personnel to attend meetings with government personnel and the public, work within government offices, and/or utilize government email.

Contractor personnel must take the following actions to identify themselves as non-federal employees:

- 1) Use an email signature block that shows name, the office being supported and company affiliation (e.g. "John Smith, Office of Human Resources, ACME Corporation Support Contractor");
- 2) Clearly identify themselves and their contractor affiliation in meetings;
- 3) Identify their contractor affiliation in Departmental e-mail and phone listings whenever contractor personnel are included in those listings; and
- 4) Contractor personnel may not utilize Department of State logos or indicia on business cards.

ATTACHMENT #5**SCOPE OF WORK AND ESTIMATED BILL OF MATERIALS
PROVIDE MODIFICATION OF DOG KENNELS AT DS MAN CAMP
NEC, BAGHDAD, IRAQ
(Revision3, October 22, 2008)****1. AIM**

The aim of this Statement of Work (SOW) is for a Contractor to supply materials, labor and equipment necessary to provide modification of dog kennels in DS Man Camp to meet the user standards at NEC, Baghdad, Iraq.

2. BACKGROUND

Currently, the kennels at DS Man Camp are not up to the standards to safely house the animals. These working animals are an expensive and irreplaceable tool in the IZ security plan. Consequently, the animals must be cared for and housed in a manner consistent with the industry standards. A working dog is only productive when healthy, and a productive dog is often the primary defense against explosive devices attacks.

3. SOLUTION

In order to meet the industry standards, the interior and the exterior of the kennel must be modified.

4. ASSUMPTIONS AND CRITERIA

- 4.1. The Government provided "List of Materials" is an estimate only, and the contractor is responsible to field measure and to quantify the required materials as to complete the job.
- 4.2. The contractor is responsible to submit shop drawings of the interior and the exterior kennel modification layout prior to fabrication and installation. The engineering work is included.
- 4.3. The contractor is to provide two base proposals (Options 1 & 2).
- 4.4. The contractor is responsible for maintaining SOD until receipt of the certificate of Substantial Completion Date.
- 4.5. The contractor is responsible to clean up daily after working hours.

5. STATEMENT OF WORK

The project consists of the basic proposal as described below:

Interior Work

1. The existing kennel cage doors present unsafe conditions for kenneling of dogs. The present configuration has gaps on the side of the cage door, underneath the cage door, and above the cage door. Additionally, the plastic coated wire must be removed and replaced with steel galvanized chain link wire or galvanized metal mesh. All sharp edges must be removed inside the cage door to include any rough spot welds. There are two options to consider that would resolve the concerns and be acceptable for approval.

Option 1 (Preferred and recommended by the Veterinarian)

- a) Replace each cage door with a proper fitting door. Door must reach from 1/2 inch off the floor to the cage above the door for a tight seal. Door must be able to open fully without clearance restrictions with the floor. Door must provide total enclosure from wall to wall and top to bottom with no gaps or open spaces.
- b) Wire is to be steel galvanize chain link or galvanized metal mesh affixed to the inside of the door.

- c) All sharp or rough edges are to be smoothed or removed.

Option 2

- a) On all kennel cage doors, install galvanized steel fencing/cage on the INSIDE of the cage door. The existing cage does not need to be removed but can be if it will expedite the work. The contractor is to ensure that no exposed points or sharp edges that could injure a dog.
 - b) On all kennel cage doors, weld a steel plate approximately 6” wide that runs from the floor to the upper cage (approximately 7 feet) on the inside of the doors to cover the gap between the door and the “door jam” created by the hinge. Ensure no rough edges on the inside that could injure a dog.
 - c) Weld a plate on the bottom of all cage doors that runs the length of the door to prevent the dogs from pushing their fore-legs under the cage doors.
 - d) Door must be able to open fully without clearance restriction with the floor.
2. Repair the existing hole in the roof of the room containing the water shut-off valve with roof hatch cover.
3. Smooth all tile edges and protruding corners inside each kennel as the sharpness presents a cutting hazard to the dogs. This action is required on approximately ½ of the existing 70 kennels.

Exterior Work

- a) Install galvanized steel fencing on the inside of all exercise area fencing (to include cage doors). The existing fencing does not require removal, but it can be removed if it will expedite the work. The contractor is to install vinyl strips on all fencing. The contractor is responsible to submit color chart for the Engineer’s review prior to installation.
- b) Remove all green mesh and reinstall (if reusable – replace if not) on the exterior of the exercise area fences.
- c) Cut off all bolts to be flush with the nuts that are tightened on them everywhere in the interior of the exercise areas. Removal of all sharp or protruding edges is required to house a canine.
- d) Remove all rubber hosing and hose mounts from the interior of the exercise area. Repair wall surface to match existing.
- e) On all four exercise area cage doors, weld a steel plate approximately 6” wide that runs from the floor to the top of the cage (approximately 7 feet) on the inside of the doors to cover the gap between the door and the “door jam” created by the hinge, or replace the cage doors with ones that do not have any gaps or space between the side poles. The contractor is to ensure that no exposed points or sharp edges that could injure a dog.
- f) Install SOD in exercise areas and walk/path ways. Include replacing existing gravels to sod.
- g) Add down spouting from ceiling storm drains to direct water away from doors and to the side of the building.
- h) Construct a canopy over the exercise area in order to shield the dogs and handlers from direct sunlight. Canopy should consist of metal railings to support a covering of green mesh that extend from the building to the perimeter fence. The height of the canopy is to be installed above wall pack lights.
- i) Remove the water hydrants from inside the exercise yard for the dog’s safety. Relocate those hydrants/faucets to outside the fenced exercise yard. It will be acceptable to run the water pipe along the wall to the free space between the exercise/break areas and install the faucet (s) as it would be accessible at that location.
- j) Install two water storage tanks in the vicinity of the generators. Tanks should have a storage capacity of 10,000 liters and be plumbed into the existing plumbing; thus, giving the kennels

emergency back-up fresh water supply for drinking and kennel sanitation. Tanks must have shut off valves/gates and gauges to register tank capacity while conducting the replenishment of water into the tanks. The tanks are to be placed on top of concrete pad with 4” thick gravel and 6” concrete with #4 rebar 8” O.C. Compact soils and sub-base at 95% modified proctor test prior to placement of the concrete pad.

- k) Position a 20 foot connex in the vicinity of the parking lot adjacent to the kennels to be used for food storage. In addition, install a window mounted air conditioners and run power to said container. Container must be free of any holes, openings, or gaps that would permit mice or small varmints and insects from entering inside and contaminating thousands of dollars worth of dog food. The contractor is also responsible to provide insulated container. All electrical feed is to be run w/ 1” Sch. 80 PVC conduit. If necessary, concrete repair is included.

Add Alternate (AA)

Contractor is to provide add alternate price for drip irrigation system in all grass area. The irrigation system is to be complete functional system and hook-up to the domestic water line. The contractor is responsible to repair any water line leakage due during construction work.

6. PERFORMANCE PERIOD

The Contractor is to complete construction of the basic proposal within 25 days from the notice to proceed (NTP).

K.6 “52.209-5 CERTIFICATION REGARDING RESPONSIBILITY MATTERS (MAY 2008)”

(a)(1) The Offeror certifies, to the best of its knowledge and belief, that—

(i) The Offeror and/or any of its Principals—

(A) Are ___ are not ___ presently debarred, suspended, proposed for debarment, or declared ineligible for the award of contracts by any Federal agency;

(B) Have ___ have not ___, within a three-year period preceding this offer, been convicted of or had a civil judgment rendered against them for: commission of fraud or a criminal offense in connection with obtaining, attempting to obtain, or performing a public (Federal, state, or local) contract or subcontract; violation of Federal or state antitrust statutes relating to the submission of offers; or commission of embezzlement, theft, forgery, bribery, falsification or destruction of records, making false statements, tax evasion, violating Federal criminal tax laws, or receiving stolen property;

(C) Are ___ are not ___ presently indicted for, or otherwise criminally or civilly charged by a governmental entity with, commission of any of the offenses enumerated in paragraph (a)(1)(i)(B) of this provision;

(D) Have ___, have not ___, within a three-year period preceding this offer, been notified of any delinquent Federal taxes in an amount that exceeds \$3,000 for which the liability remains unsatisfied.

(1) Federal taxes are considered delinquent if both of the following criteria apply:

(i) The tax liability is finally determined. The liability is finally determined if it has been assessed. A liability is not finally determined if there is a pending administrative or judicial challenge. In the case of a judicial challenge to the liability, the liability is not finally determined until all judicial appeal rights have been exhausted.

(ii) The taxpayer is delinquent in making payment. A taxpayer is delinquent if the taxpayer has failed to pay the tax liability when full payment was due and required. A taxpayer is not delinquent in cases where enforced collection action is precluded.

(2) Examples.

(i) The taxpayer has received a statutory notice of deficiency, under I.R.C. § 6212, which entitles the taxpayer to seek Tax Court review of a proposed tax deficiency. This is not a delinquent tax

because it is not a final tax liability. Should the taxpayer seek Tax Court review, this will not be a final tax liability until the taxpayer has exercised all judicial appeal rights.

(ii) The IRS has filed a notice of Federal tax lien with respect to an assessed tax liability, and the taxpayer has been issued a notice under I.R.C. § 6320 entitling the taxpayer to request a hearing with the IRS Office of Appeals contesting the lien filing, and to further appeal to the Tax Court if the IRS determines to sustain the lien filing. In the course of the hearing, the taxpayer is entitled to contest the underlying tax liability because the taxpayer has had no prior opportunity to contest the liability. This is not a delinquent tax because it is not a final tax liability. Should the taxpayer seek tax court review, this will not be a final tax liability until the taxpayer has exercised all judicial appeal rights.

(iii) The taxpayer has entered into an installment agreement pursuant to I.R.C. § 6159. The taxpayer is making timely payments and is in full compliance with the agreement terms. The taxpayer is not delinquent because the taxpayer is not currently required to make full payment.

(iv) The taxpayer has filed for bankruptcy protection. The taxpayer is not delinquent because enforced collection action is stayed under 11 U.S.C. 362 (the Bankruptcy Code).

(ii) The Offeror has ___ has not ____, within a three-year period preceding this offer, had one or more contracts terminated for default by any Federal agency.

(2) “Principals,” for the purposes of this certification, means officers; directors; owners; partners; and, persons having primary management or supervisory responsibilities within a business entity (e.g., general manager; plant manager; head of a subsidiary, division, or business segment, and similar positions).

This Certification Concerns a Matter Within the Jurisdiction of an Agency of the United States and the Making of a False, Fictitious, or Fraudulent Certification May Render the Maker Subject to Prosecution Under Section 1001, Title 18, United States Code.

(b) The Offeror shall provide immediate written notice to the Contracting Officer if, at any time prior to contract award, the Offeror learns that its certification was erroneous when submitted or has become erroneous by reason of changed circumstances.

(c) A certification that any of the items in paragraph (a) of this provision exists will not necessarily result in withholding of an award under this solicitation. However, the certification will be considered in connection with a determination of the Offeror’s responsibility. Failure of the Offeror to furnish a certification or provide such additional information as requested by the Contracting Officer may render the Offeror nonresponsible.

(d) Nothing contained in the foregoing shall be construed to require establishment of a system of records in order to render, in good faith, the certification required by paragraph (a) of this provision. The knowledge and information of an Offeror is not required to exceed that which is normally possessed by a prudent person in the ordinary course of business dealings.

(e) The certification in paragraph (a) of this provision is a material representation of fact upon which reliance was placed when making award. If it is later determined that the Offeror knowingly rendered an erroneous certification, in addition to other remedies available to the Government, the Contracting Officer may terminate the contract resulting from this solicitation for default. “
